FYVE

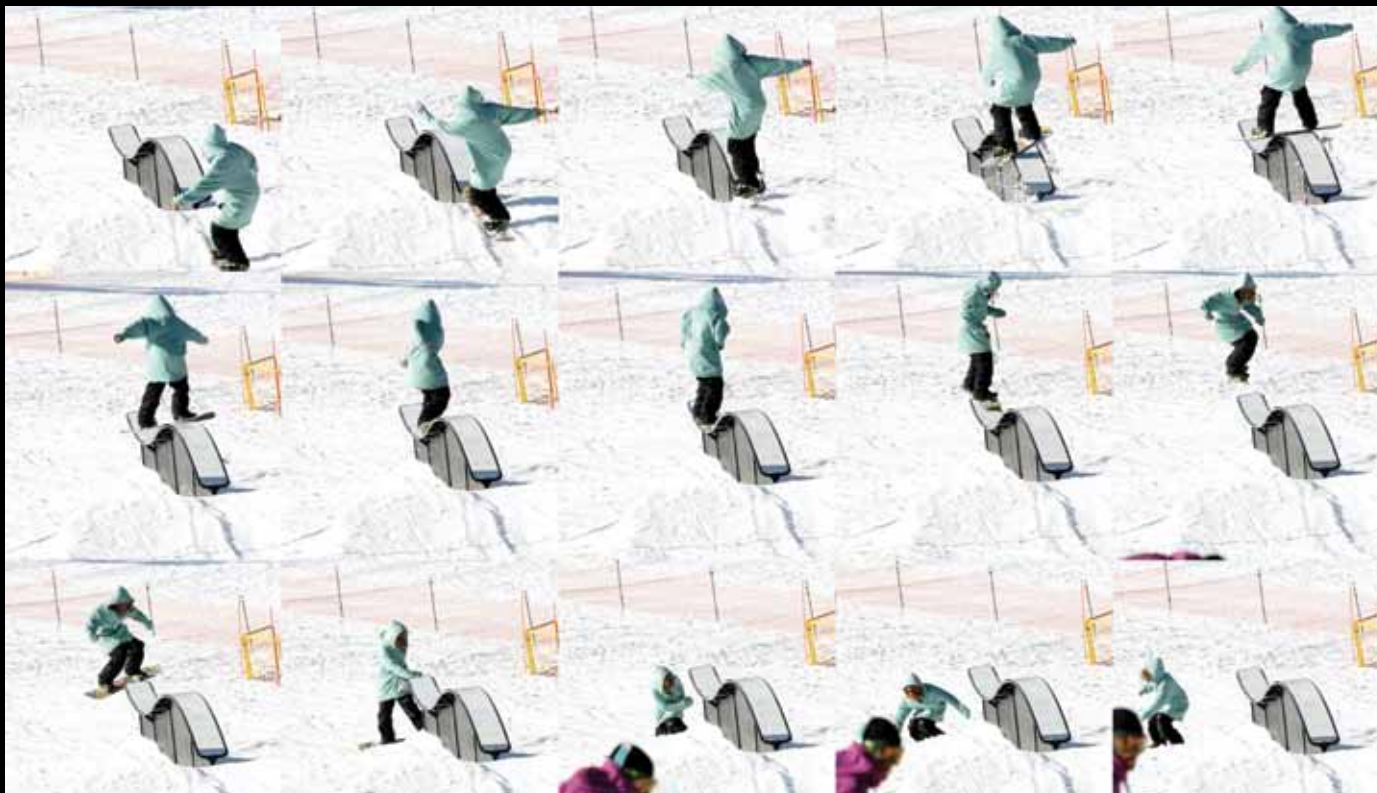

SNOWBOARD PROGRESSIONS CAMP JAPAN '11

Fyve is an INDY CORE Aussie Company.

Fyve is an independent, Australian owned company. We're about the passion of the sport, not the lure of the dollar. Our team have full input into the development of our boards - especially how they handle!

16 years ago, the creator of FYVE started on a path that would take him around the world as a sponsored competition snowboarder. The difference between being an average boarder and a good or amazing boarder was THE BOARD and with little or no choice at that time, the ride was not always satisfactory.

CAMP ACCOM IN HAKUBA THE LAB HAKUBA

The Lab is a large ski lodge and is located within 500m of the Happo-One lifts. The lodge includes a big communal living area, fully stocked and serviced bar, a restaurant serving great value meals, Japanese style onsen bathing, a large sundeck, and a separate TV and games room (complete with Nintendo Wii) All this is located over three levels plus a basement. The rooms are all western style, and range from 2-8 person share. The Lab is perfect for singles and groups of skiers and boarders looking for a good time both on and off the mountains.
